Introducing Stak Plast's miniature series

Stak Plast Ltd have designed a miniature series of sample size bottles and tubes ranging between 30cc to 60cc. The series offers new high quality products for personal travel, giveaways, hotel toiletries and creams, make-up and many other uses.

Personal Travel
Convenient sample size bottles and tubes for lightweight travelling. The bottles and tubes are targeted at drugstores and supermarkets. They can either be sold empty for customers to fill the containers with their favorite toiletries, or sold as travel size complete products. The miniature series fits easily in to any cosmetic bag, while maintaining a chic look.

Air Travel
Ideal and easy to place in your ‘carry-on’ luggage when boarding a plane, the sizes of the miniature series comply with today’s strict security restrictions implemented at various airports. Your main luggage did not arrive with you to your final destination? Stak Plast’s miniature packaging series safely placed in your carry on luggage will come to the rescue.

Giveaways
Cosmetic giveaways are always a fun and useful gift to receive both for men and women. The miniature series with their matching "bigger brothers" are perfectly suited to give as samples or as gifts.

Hotel Toiletries - Bathroom Kits
The miniature series is perfectly suited for hotel bathroom kits, consisting of shampoo, liquid soap etc. Hotel toiletries are what guest usually take home, remembering their stay at the hotel. The products will portray the hotel's reputation and high standards.

Creams and Make-up
The miniature series is of perfect size and appearance for eye creams and make up. The content is easily squeezed out, while keeping it clean and "sterile" of
