Bapco Closures

Saturn

Description

The Bapco Saturn closure system uses the patented BAP[®] technology to provide maximum overall performance, hygienic and leak free packaging. Common applications: liquid foods, dairy products, healthcare and pharmaceutical.

Consumer benefits

- Easy to open
- Fully re-sealable
- Tamper evident seal
- Familiar visible ring pull
- Improved pour and dispense

Brand owner benefits

- Brand differentiation – clear over cap, ring-pull
- 100% seal that can be easily removed by the consumer
- No leaks = reduced waste and returned product
- Standard screw cap application
- Minimal changes to existing filling lines
