Ching Fon launch multipurpose makeup kit

Available in several colours and either two, three or five pockets, this multipurpose kit offers a very practical solution for carrying a wide variety of makeup contents, be it eye-shadow, blush or lip-gloss.

In the final run-up to this year's Cosmoprof Bologna, Ching Fon release their latest range of rectangular makeup compacts.

Light weight yet solid, the compact has a variety of lids to choose from, all of which are perfectly hinged to the platform. Whether you want a mirror on the inside, or a fully transparent lid, or perhaps one with a slit which allows customers to see the palettes inside, Ching Fon allows you to customize your desired look with many options available.

Ching Fon is experienced in researching, developing and manufacturing cosmetic packaging, combining high standards of quality with new technology and extraordinary customer service to supply a stylish and refined selection of containers.
