

CoPlast s.r.l.

New TF18, an innovative dispensing system especially designed for hair dye products

Looking for an applicator for your hair colouring products? The TF 18 from Co.Plast is the ideal solution - an innovative applicator that evenly distributes the product and ensures a perfect and regular application.

Tired of parting hair into millimetric rows to apply hair color? With the TF 18 applicator from Co.Plast you can guarantee a perfect hair color is just a comb away!

Suitable for any kind of hair dye lotion the TF 18 hair dye dispensing system from Co.Plast is an easy-to-use applicator that guarantees a uniform application of hair dye products. The TF 18 applicator parts hair, controls release and evenly distributes the colour rights down to the roots, without any messy leaks. The round-ended branches allow a soft and pleasant application and prevents any skin irritation with minimum deposits on the scalp.

Entirely made of PE, the TF 18 applicator has a screw-on neck with a diameter of 24 mm or 27mm. It is available in the many standard colours offered by Co.Plast alternatively it can also be personalized and tinted with any colour to differentiate your product or to match an already existing line of products.
