**GROSMEL**  
PACKAGING

Grosmel

Grosmel is a top quality Polish producer of cosmetic packaging and special purpose plastic products.

The company provides packaging and plastic products to European markets and offers a wide range of original and innovative packaging shapes, including bottles, jars, dispensers, closures, bottles.

Grosmel's mission is to produce standard and custom made high quality plastic products. Grosmel gives customers support during development and design of products in order to achieve great results. The company aims to work actively and flexibly to produce original and innovative solutions.

Grosmel has an ongoing drive for innovation for the entire product range of the packaging market. With the development and production of high quality plastic packaging, the company offers products and services for the cosmetics sector.

The extensive range of products includes not only bottles, bottles, tubes and packaging for lipsticks, mascara and the like, but also an extensive product portfolio that covers all product fields, applications and trends in the cosmetic market.

Grosmel is able to react promptly to the most diverse challenges and can offer its clients a complete production solution when bringing a cosmetic product onto the market.

For Grosmel, customer service is a top priority, since long-term partnerships are based on trust and reliability. Assisting clients as production partners with support and consultation during the entire project and leading up to a successful final product is a given.

Grosmel offers standard and mass-production and also customized products.
