Hopf

Double walled line of jars in smooth or matt

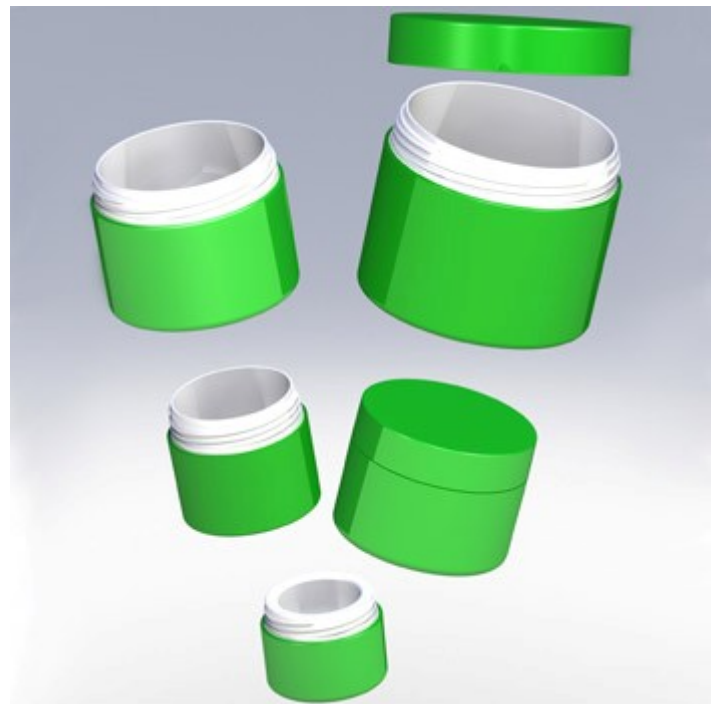

Hopf has a vast range of standards with the very smallest capacity of just 4ml. This very small size allows for the most delicate of volumes. The range also contains the more standard volumes all the way up to 200ml.

This line comes with a SAN/PP outer jar and a SAN lid. The full range is available with the following volumes: 4ml, 5ml, 15ml, 20ml, 30ml, 50ml, 75ml, 100ml and 200ml.

Hopf also offer the option to customize the lid of the jar from sizes 15ml or greater.

Hopf have been supplying high quality plastic jars, bottles and caps to the pharmaceutical and cosmetic industries for over 100 years.

Hopf - not only a company which produces injection moulded and extrusion blow moulded products, but also a creative team, which combines creative design with the latest technology to produce your exact requirement.
