Hopf

Hopf at Cosmetic Business

Hopf has been supplying high quality plastic jars, bottles and caps to the pharmaceutical and cosmetic industries for over 100 years. It's not simply a production company - Hopf produces injection moulded and extrusion blow moulded products, but also has a large creative team, that takes cutting edge designs and melds them with the latest technologies to cater to clients' exact requirements. The company believes in both production perfection and design expertise, combining modern packaging with a century of know-how.

At Cosmetic Business this June 17th-18th, Hopf will be showcasing all of its latest products and design techniques, focusing on quality and performance:

All jars, bottles and caps are manufactured using machinery and tools of the highest standard.

Hopf offers a wide range of decoration finishes including silk screen printing, tampo-printing, hot foil blocking, metallising and lacquering.

A full custom mould tooling service is offered.

High quality is ensured by checks at each stage of the production process.

The company is EN ISO 9001:2008 certified.

Hopf will be available at stand C-18 in hall 3 - make sure to stop by and see all of the packaging and design options Hopf has to offer.
