Metalicoplastico

Metalicoplastico present new products at Cosmoprof Bologna

Metalicoplastico to attend Cosmoprof Bologna – March 2009

Metalicoplastico, Spanish leaders in supplying beauty packaging to the cosmetic, perfumery and toiletries industries, have confirmed their presence at the key event - Cosmoprof Bologna 2009.

Of particular interest at this year's Cosmoprof Bologna 09 will be Metalicoplastico's accomplished new "Shakti", a revolutionary invert conical jar that will give you a special touch for your products and also the option for different looks with every closure combination and countless customization possibilities.

At the show you will also have the opportunity to see their array of thick walled jars, both circular (series 47) and square (series 66). A must see!

Founded in 1986 and specialized in the production and decoration of plastic packaging for cosmetics and personal care, Metalicoplastico's products are well appreciated by prestigious cosmetic companies around the world and are exported to more than 25 countries.

Their company's standard product range can offer a complete packaging solution for different cosmetic products with an unrivalled assortment of models and capacities, including luxurious acrylic transparent jars, cosmetic cream plastic jars with/without double wall, bottles, make-up cases, spatulas, mascaras and professional jars (500 and 1000ml), all available in a wide variety of shapes and sizes.

Metalicoplastico looks forward to seeing you at this year's Cosmoprof, hall 19 - stand B52
Cosmoprof Bologna 2009 - 2nd to 5th of April 2009
