NEOPAC
THE TUBE

Neopac The Tube

Ribbontip™: New to the SofTips™ range

Neopac has just released its latest addition to the SofTips™ range - a unique combination of high barrier, appealing aesthetics and precise application: The Polyfoil® tube with Ribbontip™.

SofTips™ are new applicators for tubes that combine precision with cleanliness, dispensing the product from a silicone valve (Pinpoint conical-shaped, Ribbontip wide-shaped). After releasing pressure on the tube, the silicone valve recloses to cut-off the product flow and keeps the package hygienic at all times.

Advantages:

A unique, all-in-one solution: A Polyfoil® tube produced by Neopac with a SofTips™ point, produced by Seaquist Closures

High barrier, appealing aesthetics and maximum ease of use

The product is applied directly to the skin, avoiding finger contact in order to reduce contamination

The soft tip valve makes the product pleasant to apply

Precise dosing

Potential applications:

Anti-ageing formulae

Care of impurities

Skin discolourations

Eye care

Availability:

Tube: Polyfoil® / Ø 19 mm

Lengths: 45-160 mm

Capacity: 5-25 ml

Pinpoint®: PP, with silicone valve slit size 2.8 mm

Ribbontip™: PP, with silicone valve slit size 3.8 mm

Decoration: Offset, silkscreen printing, hotfoil stamping,

All-over printing, metallic effects

High barrier properties: Protection against light, diffusion-tight, excellent moisture and oxygen barrier, high impermeability to organic substances, corrosion-resistant.
