Pont Packaging

## Pont Packaging at Packaging Innovations fair on stand 247

Pont Packaging is a leading distributor of plastic containers with associated closures and accessories to predominantly the vitamin and mineral supplement, chemical and cleaning and pharmaceutical markets.

Innovation drives Pont's business for the benefit of its customers. One of Pont's own product developments is dosing bottles that are both fast and simple to use. The dosing bottles are manufactured in plastic HDPE in single and twin neck versions and available in 50ml to 1,000ml sizes.

Pont Packaging will be displaying their wide range of products at stand 247 at Packaging Innovations.
