Quadpack

## Cost effective Quadpack Jupiter Collection to pack your brand

This cost effective collection consists of a combination of recyclable plastic containers: PET bottles, PP high quality airless systems and PE tubes. Carefully chosen packs provide good compatibility with a wide range of products.

Flexible decoration options are available to enhance your packs to suit your brand image, from the simplest to the most highly decorated of designs.

Back to basics, Quadpack's wide choice of capacities enables you to build your own range, perfect sizes for your bathroom or your travel bag.

Airless packs from 3 to 50ml  
150ml Pump lotion pack  
3-10ml tubes  
150ml single wall jars

**Quadpack will be attending Cosmetic Business the 18th and 19th of June in Munich, hall 3 stand B08.**
