Rebhan

Fascination through variety by Rebhan

In addition to new developments from the standard range, this year Rebhan is presenting you with several new Glass Polymer decorations. You may well be curious!

You are spoilt for choice with the numerous standard forms enabling you to develop an up market image without breaking your budget. Naturally, Rebhan will also be happy to produce your highly individual packaging designs and create the ideal presentation form for each of your products.

Choose from thousands of colour options the one that is perfect for you and let your design ambitions take flight with the numerous finishes offered by Glass Polymer. From silk screen printing through high-gloss hot stamping to sensual lacquering, Rebhan offer a broad range of made to measure options for you to distinctly present your products with minimum order quantities as low as 10,000 units.

Rebhan cordially invite you to become acquainted with their new product developments in the course of a personal conversation at Cosmopack Bologna!

At Cosmoprof Bologna from April 2nd to 5th, you will find Rebhan in Hall 20 - Stand A25
