SHB GmbH

Diverse closure options for new Geko and Dedo bottles

For these new lines, SHB GmbH can offer six or four (respectively) different closures all designed to match perfectly these new bottles, therefore providing various different styles for on the same bottle.

The Geko bottle comes in 250ml with 6 different closures to help you changing their looks without having to change the bottle.

The Dedo bottles come in 300 & 500ml with 4 different closures. Needless to say that SHB's product configuration can help you to combine different products, colors and various closures, in order to meet their customers' requirements and create a sexy and personalized line of products.

The Geko and Dedo bottles have modern shapes, a wide range of colors to choose from as well as the various eye catching closures.

SHB GmbH's innovations come as a result of intensive collaboration with their customers.

SHB GmbH continually develops new, modern, standard bottle series, as well as innovative customised ranges, as a complete service to their customers. These projects, both for bottles and for closures, are steered by their own team, from the design stage right up to production. This follows their motto: "Think global – act local". Within the framework of their international marketing concept, they fine-tune their approach to meet the particular requirements of different regions.
