SHB GmbH

Slope neck for household and cleaning

SHB are introducing this newly designed WPR line of bottles carefully engineered to be efficient and easy to use. The slope neck makes application of the cleaning product both easy and clean.

The new REVA range has been designed with the needs of the user in mind and the carefully designed ergonomics make it the perfect bottle for toilet cleaner. The range is available with a 750ml volume.

This range can also be complemented by the HSSH range which is also designed for household and cleaning products. This range is available in 500ml and 750ml.

SHB will exhibit at ArabPlast 2009 - Dubai from 10th to 13th of January.

Discover now SHB's full packaging catalogue at the top of this page or make direct contact with them clicking on the link below.
