SR Packaging

New lipstick range from SR Packaging

SR Packaging are proud to present their new line of lipstick cases on WEBpackaging. You can find more than 20 different lipstick cases made in plastic and aluminum.

SR Packaging have developed a new range, increasing their cosmetic offerings with a lipstick choice.

These lipsticks are available in a huge variety of shapes (from circular to free style) and volumes with innovative designs. SR Packaging welcome the use of customized tooling to make your products stand out from others, they also decorate products in house and have facilities for silk-screen printing, hot-stamping, labeling and spray coating.

SR Packaging's products, all have one thing in common: they are all high quality products. Since 1989, SR Packaging have manufactured injection, extrusion and blow molded plastic components for a turnkey solution.

Their products include bottles, jars, tubes, closures and lipsticks made of PET, PETG, polyethylene, polypropylene, polystyrene, PC, SAN, ABS, PMMA, glass, aluminum and tin.

Here are some examples of their new lipstick range... for the complete collection look on their catalog.
