Water shield function pumps by Taixing K.K. Plastic

A unique, patented water shield design makes the dispenser ideal for products used in the shower. Its water shield ring prevents water from entering the packaging and improves consumer confidence in your products.

As an industry leader, they not only provide you a dispenser but a comprehensive dispensing solution and unique value sure to exceed your expectations whilst meeting your objectives.

They strive for perfection and aim to provide customers with the best quality products and services using advanced equipments and technology.

They have done the best to keep ahead in the beauty packaging field and they hope to have a splendid future together working with you.

Taixing K.K. Plastic Co., Ltd, located in the Yangtze River delta, is dedicated to designing, developing and manufacturing various high-quality lotion pumps and roll-on packaging.
