KK Group redesigns their water-shield to be more efficient

Without changing the shape, TKPC has adjusted new parts to make the water shield function much more efficient. With this new design, the content will be highly protected from the contamination of water.

TKPC's new water-shield had been patented with no. 2007100373204. Please, contact them to have more information about these new features.

Taixing K.K. Plastic Co., Ltd. (TKPC) is a branch of KK Group that is dedicated to designing, developing and manufacturing various high-quality lotion pumps and roll-on packaging. As an industry leader, they not only provide you a dispenser but a comprehensive dispensing solution with unique value sure to exceed your expectations whilst meeting your objectives.
