Taiwan K.K. / Taixing K.K.

## Two new roll-on balls: new size 1.3 inch and new special application for powder

K. K. Group has developed two innovations for the roll-on market: one that increases their size offering with a 1.3 inch roll-on ball and another special roll-on adapted for easy and direct application the baby powder that avoid waste whilst also having a comfortable massage function.

They have designed a new size, this new 1.3 inch roll-on ball exclusive to the K.K. Group offering a further option alongside the current 0.4 inch, 1.0 inch, 1.14 inch and 1.4 inch available at the moment.

They have also designed a new roll-on ball to suit baby powder in 1.4 inch. Their special design makes it possible to avoid the powder flying effect when applying the baby powder, giving easy use of the product. And at the same time as applying the product you can give to the baby a comfortable massage thanks of the drawing on the ball.

**Taixing K.K. Plastic Co., Ltd. (TKPC)** is dedicated to designing, developing and manufacturing various high-quality lotion pumps and roll-on packaging. As an industry leader, they not only provide you a dispenser but a comprehensive dispensing solution with unique value sure to exceed your expectations whilst meeting your objectives.

1.3 inch
