PET厚壁罐重新定義的環保包材，單一材質的設計理念，使包材在使用完畢後易於回收。此系列全透明的設計更可讓產品全方位的展示其顏色及產品質地。

Heavy-Wall PET Jar redefined eco-friendly packaging. The idea that "single material packaging" produced a three-components jar in PET material only. This green spirit the Heavy-Wall PET Jar conveys encourages recycling and simplifies the recycling process. All transparent components is the bonus for this range, providing a 360 degree see-through view, making color and texture 100% visible.
