

Easypack®

shredder™

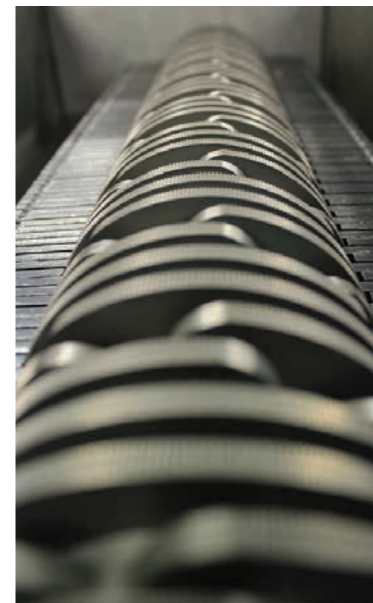

Safe, innovative cardboard conversion

The Easypack shredder™ effortlessly converts surplus cardboard boxes into a supple mat which is perfect for void fill and protecting all types of goods during transit.

Designed and manufactured in the UK, the shredder uses hardened steel cutting wheels with contoured stripping teeth, offering exceptional reliability and long service life.

Recycle surplus cardboard to provide free packaging material.

Hardened steel cutting gives long service life.

Up to 5m³ of cardboard lattice material per hour.

Free void fill enables you to save money and securely pack multiple goods.

“shredder™ offers free packaging and reduces waste”

Free void-fill cushion packaging

The shredder™ system allows customers to recycle surplus cardboard, allowing them to line boxes or package heavy or sharp edged items.

The system can easily shred up to 5 cubic metres of cardboard per hour into a lattice material, providing free void fill cushion packaging material.

Features

- Hardened steel cutting teeth and wheels
- Can shred 5m³ of waste cardboard per hour
- Dust extraction (optional)
- User friendly 'safe start' mode
- Trims excess cardboard whilst shredding
- Operates within industry sound standards
- Stainless steel infeed plate
- Uses standard 13amp 230v socket
- Robust modular design

Benefits

- Free void fill saves money
- Safe and easy to use
- Reduces waste, helping the environment
- Strong, durable protection for your goods
- One year parts & service guarantee
- Free on-site packing training
- Deal direct with the manufacturer
- Dedicated account management

shredder™

Technical Information

Machine dimensions: (mm)	(l) 812 (h) 1109 (d) 612
Cardboard thickness	5-12.5mm
Machine weight	170kg
Cutting width	400mm
Max output speed	5m ³ per hour
Usage	Continuous
Voltage	230v 1ph 50Hz
Max power input	1.5 kW (max)
