

Easypack®

spiral®

Versatile green packaging for easy, everyday use

The spiral® void-fill packaging produces a flexible tube of recycled paper designed for convenient, direct in-the-box packaging. spiral® is a highly effective way to protect a vast range of goods, preventing in-the-box movement and allows operators to pack in a variety of ways.

spiral® can be used directly from the box in any location or adjacent to a bench on stand mounted dispenser.

Fast, flexible protection for your goods

Our spiral® void-fill allows operators to swiftly pack and secure goods of any size and shape, offering excellent protection during transit. spiral® can be used in any packing environment as it does not require electrical power and it is small and easy to use.

spiral® is a safe, cost efficient, environmentally friendly packaging solution and as total void-fill is not necessary, you will reduce waste and free up valuable warehouse space.

Automate for online fast packing.
