FUNNEL- / FLAT-TOP BOTTLES. ■

- Article:** Flat-top bottles and funnel bottles out of tinplate
- Sealing:**
- welded side seam
 - Flat top end or funnel and bottom end sealed
- Closures:**
- MC = Metal Closure, tin screw-top on funnel bottles
 - PC = Plastic Closure on flat-top bottles

Flat-top and funnel bottles from 0.1 to 1.0 liter satisfy the strictest transportation requirements in all modes of transport, and for the most varied of contents. They are also used for thinner, solvent-containing cleaners and other chemical liquids. Especially for cooking oils our bottles out of tinplate are the best available containers.

Numerous types of closure make it easy for your customers to use your products properly. Funnel bottles are closed using a 30 mm tin screw-top. For flat-top bottles numerous types of different plastic closures are available.
