About Us - Magnum Packaging (NE) Ltd

A trusted name in packaging for over 35 years.

Magnum Packaging is one of the largest importers and distributors of packaging products in the UK. We are a reliable supplier committed to high quality products, outstanding service and competitive prices.

The company's humble beginning came in 1980 from the wholesale of paper and polythene bags to a variety of retail outlets. We are one of the most well known and reputable companies in the packaging field today. We have established lasting relationships with suppliers worldwide.

Our mission is to continue to provide total satisfaction to all of our business partners through a prompt and reliable supply of high quality products and to share our wealth of experience in giving the best advice possible.

We continue to work in close partnership with our suppliers overseas to develop new and more environmentally friendly products.

We truly aspire to maintain our status as a leading packaging company providing an unrivalled competitive advantage and best of breed standards.

HD Vest Carriers

White HD Vest • Blue HD Vest • Red HD Vest

We are one of the largest importers of plain HD and HT vest carriers bags. We have an extensive range of sizes, strengths and colours to choose from. Our branded names are well known for their quality and have withstood the test of time.

Recycled Vest Carriers

We are one of the largest importers of plain recycled vest carrier bags. Our brand name 2** and 4**** bags are well known in the market for their consistent high quality and reasonable prices. This range is available in a variety of colours and sizes to meet your requirements.

Hi-Tensile Vest Carriers

S- Range (Bottle Bags)

This category of bags are specifically designed to hold glass spirit bottles. The bag material is designed to be stronger than the normal HD vest carrier bag range in order to handle the increased weight of the products to be held within. The bags are available in white and black and come in a range of sizes.

Striped HD Vest Carriers

Striped vest carriers are white and red or white and blue striped bags. These bags have been used in sweet shops and takeaways for many years.

Printed Carriers

We supply a range of printed stock item bags e.g. printed delicious hot food and fish & chips designs. These bags are perfect for advertising your takeaway shop and are very reasonably priced making them perfect for a small business starting out.

Glued Patch Handle Carriers

Scorpion • Cobra

Glued patch handle carrier bags have been designed to give added strength to the handle part, increasing the carrying weight with the reduced thickness of polythene film. Patch handle carriers are mainly used by grocers, butchers and retail outlets etc. We can supply any size that you require.

Takeaway Patch Handle Carriers

Magnum Packaging was the first company to introduce the "delicious hot food" printed design patch handle carrier in 1985. We have kept the same design for over 30 years, indicating our consistency and high quality. We stock both plain and printed glued patch handle carriers in 3 standard sizes - B1, B2 and B3.

Bags on Roll (Bag & Vest)

Bags on roll can be used for fruit and veg or any other food related product. Each roll is on a cardboard core making the roll more sturdy. They have unique perforations for easy tearing whether by hand or in a dispenser.

Counter / Butcher Bags

This item is available in five standard sizes, and two different strengths. Packing is in a convenient pouch backed with cardboard and a perforated cut out for easy use.

Clear LD Poly Bags

A wide range of sizes are available for different uses whether packing accessories or food. Packing is in dispenser boxes for ease of use and are barcoded.

Grip Seal Bags

Grip seal bags provide a multitude of uses and are a standard packaging product. They have a plastic fastening that clicks shut and pulls open, making them the ideal resealable bag of choice. We stock two types; plain and write on panel bags. We have a wide range of sizes available and in various strengths.

Block Headed Sacks

Natural HT sacks are block headed and perforated with two holes on the header for easy hanging. These are popular in the food and meat industry.

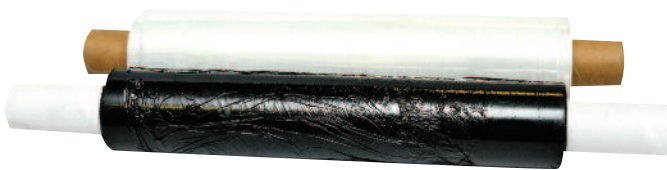

Flat Packed Black Sacks

A variety of sizes and strengths are available for various uses. All flat packed sacks are packed in outers with barcodes for individual resale. Any special requirement can be produced upon request with or without printing.

Black Sacks on Rolls

Our branded Poly-Lion sacks (on rolls) range comes in standard black sacks, green garden sacks, rubble sacks and wheelie bin liners. In addition our "Hi-thene" brand includes white pedal, square and swing bin liners on rolls.

Shrink / Pallet Wrap

Our linear low density polyethylene stretch films are extruded by **CAST** technology in up to 5 layers. They are available in various types: machine type for fully automatic machines with different grades of pre-stretch from 180% to 300%, hand stretch film is available in different lengths with extended or flush cardboard cores.

Tinted Sacks / Liners

Blue tinted sacks/liners are ideal for the meat industry. They have cardboard or plastic boxes or crates which need lining with polythene to prevent the meat from becoming contaminated.

Latex, Vinyl and Nitrile Gloves

We stock latex, vinyl and nitrile gloves both in powder-free and powdered depending on their use. Packing is in handy pop-up dispenser boxes and are safe to use for surgical procedures.

Rectangular Containers - Standard

The usage of this type of plastic container has grown considerably in the catering food industries due to their microwave oven suitability and tight lid closure. Our current range consists of; C500, C650, C750 & C1000 ml.

Rectangular Containers - Heavy Duty

Many customers have requested heavy duty containers which are of a superior quality than the general thin wall containers. These containers can be used in luxury restaurants which require a better quality disposable container or for any takeaway that are serving meals that require a more rigid container. Our current range consists of; C500 & C650 ml.

Circular Containers

The size and shape of the circular range makes them a perfect addition for takeaway shops, due to the rectangular containers being too large for salads and desserts. Our current range consists of; 8oz, 10oz, 12oz & 16oz.

Sauce Cups

The advantage of our PP sauce cup is they provide better lid closure than the traditional polystyrene cup. Perfect for dips or sauces. Our current range consists of; 2oz & 4oz.

Sauce Cups with Hinged Lids

Not only does this product provide a secure hinged lid, the advantage of these sauce cups is that they are also microwave and freezer safe. Our current range consists of; 1oz, 2oz & 4oz.

Foil Containers

Aluminium foil containers are mainly for use in the catering market. We stock standard sizes in No 1, No 2, No 6a, No 9 shallow & deep and No 12.

Hinged Salad Containers

We offer a range of leak proof plastic hinged salad containers. These range from 250cc up to 1,500cc. They are heavy duty and can be recycled in most places.

Retail Plastic Containers

We are now able to provide retail packs of plastic containers. These are packed 6pcs for C500, 5pcs for C650 and 4pcs for C1000. All come with lids in each shrink wrapped pack. These are ideal to be sold in pound stores or other retail outlets.

Retail Foil Containers

We are now able to provide retail packs of foil containers. These are packed 9pcs for No 2 and 6pcs for No 6a and come with lids in each shrink wrapped pack. These are ideal to be sold in pound stores or other retail outlets.

PVC Meat Wrap – (Champagne Tint)

Our PVC cling film is a 2 layer co extruded film. It is very durable, excellent quality, has a high stretch and tear resistance. This is ideal for most food products, especially the meat industry (these are ideal for the wrapping of fresh meat and most fresh produce).

Plastic Cutlery

Our PS plastic cutlery is durable and packed in euro-slot outers with barcodes so they can be resold by pack. Our current range consists of; Forks, Knives, Dessert Spoons, Teaspoons, Spoon Forks & Blue Mini Chip Forks.

Aluminium Foil Rolls

Aluminium foil on rolls for catering and retail outlets comes in high quality packing and in a number of sizes. Each box comes with a cutter edge box for easy cutting of the material helping to reduce wastage.

PVC Cling Film Rolls – (Champagne Tint)

This cling film comes in attractive packaging and is sold to the catering trade and for retail use. Each product comes with a sliding edge blade for easy cutting of the material, reducing wastage and making the product more cost effective.

Wet Wipes

Large wet wipes / hot towels are used in the restaurant industry, they can be heated in the microwave or used cold. Small wet wipes are mainly used in the fast food industry. They are very small, compact and lemon scented.

Napkins

We stock a range of napkins that is suitable for use in fast food outlets. They are made from a sustainable source to protect the environment. Packing is in an attractive PP outer which is barcoded.

Centrefeed Rolls

Blue and White rolls are generally used in the catering market to clean surfaces and also in the automotive industry, but there are many more applications. We can provide you with various lengths and qualities depending on your requirements.

Burger Boxes

Polystyrene burger boxes are available in white and champagne. Our range includes compartment meal boxes and chip trays.

Chicken Boxes

We have available cardboard food boxes, these are made from virgin board and not the standard recycled material, which is currently available in the market. Our boxes have a PE coating so the box is more rigid when hot food is placed inside. All sizes are stock items and range from small (FC0), medium (FC1), large (FC3) and bucket (FC4).

Drinking Cups

These drinking cups are perfect for parties or for larger venues which require plastic cups. They are packed 100pcs per sleeve with barcodes so they can be resold in retail shops. The cups have a new mechanism for rim rolling so the edges are rounded to avoid cuts.

Pizza Boxes

Pizza boxes are available in a variety of sizes including white, brown and full colour with generic design.

Toilet Rolls

Our toilet rolls have been developed to combine premium quality and economy in usage for all combi washrooms.

Poly SOS Carriers

We supply a polythene alternative to the paper sos bags. These come in white and in 3 sizes. They have a block bottom and poly loop handles.

Brown / White SOS Paper Carriers

SOS paper carriers with flat tape handles are available in 3 sizes in brown and white. Paper is sourced from sustainable sources to help protect the environment.

Flat Paper Bags

Available in a range of sizes in both brown kraft and white sulphite as stock items. These are mainly used by fruit and grocery shops, bakeries and takeaways.

Greaseproof Paper Bags

Greaseproof paper bags are ideal for greasy and oily foods. The grease resistant layer helps stop grease and oil from escaping.

Printed Takeaway Bags

Flat and twisted paper tape handle carrier bags are commonly used in cafes, sandwich bars and fast food outlets. We can offer both brown kraft and white bleached Kraft paper in different strengths. We can print in up to 8 colours.

Fish & Chips Paper Bags

Standard design fish and chips bags are available to the fish and chip trade. They prefer better quality bags to serve in. The size of the bags is made so that fish and chips can be put directly into the bag or into a polystyrene or corrugated box and still fit inside the bag.

R Range "Takeaway Bags"

These bags are a standard design for a takeaway to use. Available in 3 sizes they have a standard print which is appealing to the eye and are competitively priced.

Foil Bags

Foil bags are suitable for wrapping foods which require an insulating layer to keep warmer for longer. Foil bags are available in a range of sizes.

Kitchen Pads

Kitchen order pads are numbered 1 - 100 in single and duplicate for the takeaway or restaurant trade.

Newsprint Offcut

Newsprint Offcut is kept in stock and is available in a number of sizes for the Fish & Chip trade and general packaging. Other sizes are available upon request as well as pack weights, which can be made to fit your requirements.

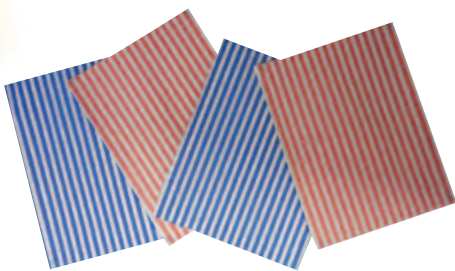

Foil Sheets

Foil Sheets or Liners are stocked in 1 size; 12" x 12", we can make any size required however, it is perfect for wrapping naan breads or tortilla wraps and the foil lined layer keeps food warmer for longer.

Greaseproof Sheets

Imitation greaseproof sheets come in a number of sizes and are mainly used in the catering market. Other sizes are available upon request as well as pack weights, which can be made to fit your requirements.

Burger Wrap

We have a greaseproof sheet which is printed with stripes in red and blue colours. This can be used to wrap any takeaway or bakery goods and the grease resistant properties make it perfect for any oily or greasy foods.

MP Printed Bespoke Products

Paper SOS Carriers

Paper carriers can be made in any colour with matching handles and are printable in up to 8 colours.

Printed Polythene Vest Carriers

Printed vest carriers can be made in a variety of materials in HD, MD or LD in different colour films. These bags are suitable for supermarkets, shops and other retail outlets. They are strong, competitively priced and achieve their purpose of advertising your business.

Loop Handle

Loop handle bags are very strong and are made to be re-used many times over. They are perfect for the environment because it stops single use carriers being used.

Patch and Punch Out Handle

Patch handle and kidney punch out handle bags are ideal for restaurants and fashion shops. However, their uses exceed this and can be used in any outlet which is looking for a more durable and aesthetically pleasing bag.

Charity/Collection Bags

Collection bags are a vest or sack type bag individually folded and inserted into an envelope bag. These bags are not readily available. However, at Magnum Packaging we are able to provide this service. Whether you're a new company or an established charity, we can cater for orders from as little as 30,000 pcs or up to 15 million bags per month.

Flat/Satchel Paper Bags

These bags can be supplied in white, brown or greaseproof and are a cost effective way of packing food or accessories.

Printed Greaseproof Sheets

We are able to supply printing on greaseproof sheets for the food industry.

Let your customer carry your identity

Magnum Packaging is totally committed to protecting the environment and it plays its role by adhering to the following:

Polythene

We promote polythene material with bio-degradable additives which disintegrate within a few years compared to conventional polythene which can take more than 100 years.

All of our polythene products are 100% recyclable and many of our products are made from recycled materials.

Paper

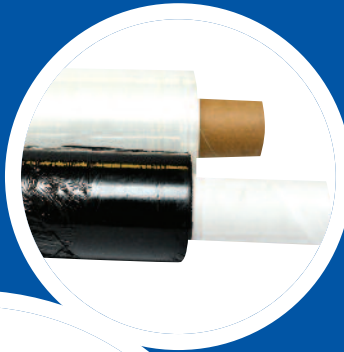

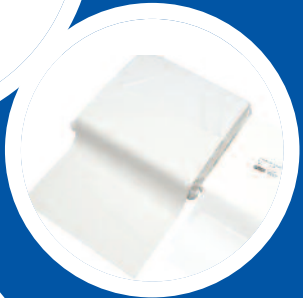

All of our paper products are sourced from either sustainable forests or produced from recycled paper.

Recycling

At Magnum Packaging we ensure that we comply with our recycling obligations and our suppliers take responsibility by recycling their waste in-house.

Eco-friendly Packaging

We encourage eco-friendly bags which are made from 100% organic materials such as cotton, canvas or jute. These can be reused time and again thus reducing waste.
