■ Numbers in item names serve as a guide for the amount you can fill. Please check the actual articles by conducting tests such as filling and resistance to the contents.

★ A spatula can be placed on the lid.

■ The capacity and jar size figures are standard values (before decoration and in standard color), which may differ from measurements.

■ Please note that we may partly change standards and specifications.

■ Capacity figures shown in the table are valid without any inside lid.

■ For more details on caps and accessories, see the end of Standard catalog 2017.
