

OPERA: an easy-to-use powder container

OPERA

POWDER

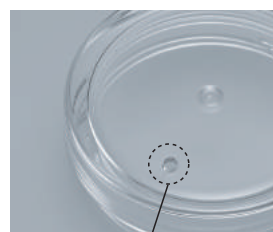

OPERA-65 ϕ

OPERA-69 ϕ

- The cap comes without a packing if an inside lid is included or with a packing if the inside lid is not included.
- In addition to loose powder, a pressed powder version option is available (54 mm dia. metal pan for OPERA-65 ϕ and 58 mm dia. metal pan for OPERA-69 ϕ).
- Space for accommodating a puff.
- Bottom options: with/without pinhole
The pinhole enables refilling by pressing up the metal pan with a pin.

Bottom with a pinhole

Product name	Capacity[mL]	Method of joint	Size(mm)		Material			Inside Lid	
			H	Wt	Body	Cap	Inside Lid	Number of holes	Hole Diameter
OPERA-65 ϕ	17.6*	Screw	21.3	65	AS	ABS	PE	20	2mm
	42.6(O.F.)								
OPERA-69 ϕ	23.8*			69					2mm 3mm
	49(O.F.)								

* The capacity figures are standard values (before decoration and in standard color), which may differ from measurements.

● Customers are advised to check the actual container and metal pan by conducting tests such as filling and resistance to the contents.

● Please note that the specifications are subject to change.

Capacity: to the bottom of the inside lid when the lid is set in place.
