FSKOREA

FSKOREA

Founded in 1988, FSKOREA is a leading supplier of high-quality Makeup Brushes and Packages in the global market/The company has accumulated its knowledge and expertise through continual innovation and investment in research and development.

FSKOREA is at the forefront of business ethics and social responsibility. Since 2001, the company has been certified with SA 8000 and ISO 9001, thereby ensuring all of its worksites to refrain from such malpractices as child labor and discriminative employment. Also, the company protects and provides employees with safe, hygienic working conditions and appropriate working hours.

The company has continued to meet environmental commitments and obligations. It uses a high percentage of post-consumer recycled materials in its packaging and minimizes the consumption of petrochemicals by using alternative materials such as WPC. Moreover, FSKOREA has become the first Korean company to be accredited FSC(Forest Stewardship Council) certificate for the conservation of natural forests.

FSKOREA ensures its quality of products and services in its supply chain from customers' initial requests to producing and delivering its goods to customers. It believes in non-stop, rapid product development in order to keep up with modern business and its QC process in unparalleled in the industry.

As always, FSKOREA will never stop innovating and growing to meet the customers' needs and preferences and to maintain its status as a global leader.
