WHO WE ARE ?

Created in 1969, SICOFOR is a company which has been specializing for over 40 years in **the conception and the manufacturing of samples and unit doses**. Whether you are looking for standard concepts or specialized solutions, tailored to your requirements, we are sure that our extensive product range will provide you with the perfect product to meet your needs. We will meet all of your specifications, from manufacturing to delivery, from the printing of your artwork to the filling of your product.

OUR KNOW-HOW

*Samples are often a customer's first contact with your brand.
Our commitment is to create samples which reflect the high quality of your product.*

RESEARCH & DEVELOPMENT :

A PROFESSIONAL TEAM DEDICATED TO :

- Answer to any technical and innovative project.
- Allow you to visualize your project before production.
- Build mock-ups, prototypes, numerical plans and 3D modelization with in-house modern tools.

OUR NEW PRODUCTS :

- ◆ **Mini Doypack®** : 3D sachet which stands straight.
- ◆ **Stickpack et berlingot** : a playful dose with an ideal volume for normal use.
- ◆ **Oshibori** : Impregnated towelette or face mask rolled and inserted in a flowpack.

SACHET :

- ◆ Suitable for all types of formulas, even the most sensitive ones.
- ◆ Can be used as a promotional sample or a ready-to-sell packaging
- ◆ Suitable for press campaigns, mailings or hand-out distribution.
- ◆ Rectangular, square, in shape, transparent, opaque, matt and soft touch, great white, etc. **it adapts to the design of your products.**
- ◆ Allows for an optimal show-case of your brand with its wide printing area.

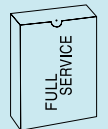

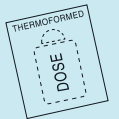

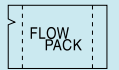

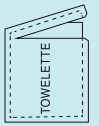

THERMOFORMED DOSE :

- ◆ Mini replica of your product and/or of its packaging.
- ◆ Ideal to emphasize perfume, lipstick or gloss, foundation or any other cosmetic product whatever it's texture.
- ◆ Allow eventually, with the adjunction of an applicator, to keep the original gesture of the retail product.
- ◆ Seducing by its «mini object» side.
- ◆ Entices to own the original.

AMONG
OUR CUSTOMERS :
