

Folded Card Product Delivery System

Deliver Samples or Ready-to-Sell Product!

CCL Label offers a revolutionary solution for effectively delivering product to the market, the Product Delivery System (PDS). This packaging solution allows distribution of actual product or single samples plus informational materials such as printed leaflets or IRCs.

- Can deliver product directly to consumer
- Leaflet plus product in one convenient, stand-alone package
- Individual, customized solutions for specific needs
- Multiple packaging options to carry your product
- Cross-branding, promotions and single-use products
- Reduces packaging components (eco-friendly alternative)
- Sellable product; stand alone piece

Let our creative team customize a solution for you!
