ZOOM ON THE PRODUCT

Quick filling with its wide opening

Packaging delivered in 2 parts (a bottle and a pump assembly with assembled cap polished or frosted)

Customizing the pumps with a wide range of options:

curved collar (frosted or smooth), straight, colored ring, various actuator, out-flow motor...

Airless pump

Curved

Straight

Seriplast pump: dose available 250 µl

Pump efficiency guarantee to the latter pressure it is used upside down or head up

Optimum use of the product, in case of very thick formulations, or sensitive to air

Possibility of using little or no preservatives

Product distribution with a viscosity from 3000 to 75000 centipoises

Atmospheric pump

Curved

Straight

Seriplast pump: dose available 250 µl

Product distribution with a viscosity from 1 to 30000 centipoises

DECORATION

Screen (silk) printing

Offset

Hot stamping

You can create your own artwork without technical limit.
