

New Polyken 820 MEGAGRIP™ offers permanent, waterproof, versatile performance in a wide range of applications for underlayment and vapor barrier, marine, floor covering, and landscaping applications. MEGAGRIP bonds both underwater and out-of-water on indoor or outdoor surfaces and performs well in a wide range of temperature conditions.

- Sealing and securing underlayment to concrete
- Sealing penetration areas for underlayment
- Bundling umbilical lines and permanent sealing for marine and off-shore uses
- Waterproof bundling and repairs
- Seaming, patching, and repairing:
 - Aluminum and Sheet Metal
 - Pool and Pond Liners
 - PE Sheeting and Tarps
 - Heavy-duty Floor Covering

Feature	Benefit
