

MANUFACTURING

An industrial site of 4500m² devoted to powders, and all kind of galenic forms manufacturing (cream, serums, lotions, milks, masks, oils...)

Manufacturing/Filling powders and vacuum-packed cosmetics:

- powders: from 60kg to 4 tons/batch
- cosmetic: from 50kg to 1 ton/batch

Manufacturing process meeting the requirements of the Ecocert certification

FILLING

A personalized toll-manufacturing

Several packaging options: sachets, tubes, airless, bottles, pots, buckets, sample tubes...

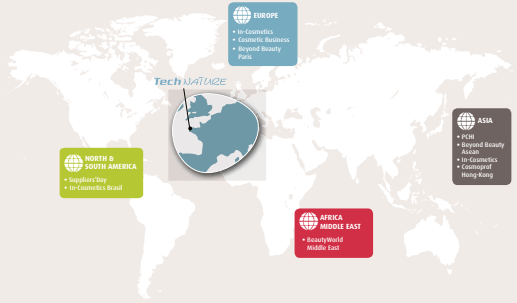

Printing your graphic design, we can print on multiple supports (sachets, silkscreen printing, labelling, cellophane, box printing...) and always with high definition marking quality.

We ensure traceability and rigor in every step of manufacturing. Tech Nature is certified ISO 22716 - Good Manufacturing Practices.

Tech NATURE
 PRIVATE LABEL MANUFACTURER
 FRANCE

Your innovative partner for all your professional beauty treatments.

FORMULATION

Creator of forward-looking cosmetic concepts

Need an idea? Looking for innovation? want a specific product? We meet your wishes through:

- the uniqueness of our know-how in cosmetic concepts' creation;
- our expertise in peel-off masks, cosmetic powders and skin care;
- our well-equipped Laboratory that completely matches the energy and creativity of our R&D Team: diversified formulas.

A perfect combination of the right place and the right people to think up future treatments (novelty of concepts, effects and textures).

INPI trophy... our constant innovation REWARDED

Be present in the worldwide market, be reactive & innovative, be a high-quality producer; those are our main commitments that have been honorably acknowledged with the "INPI Brittany award 2013" that we won.

The National Industrial Property Institute of FRANCE with this trophy rewards the S&ME for their strategies in terms of innovation and industrial properties.

REGULATORY SERVICE

A service meeting the regulatory requirements

Our regulatory department, advises and guides you through, to make sure your products meet the regulatory compliance:

- building up and updating the files containing information about the products
- checking up the compulsory information in terms of labelling
- creating regulation document required for export/import or shipment of the goods
- subcontracting the tests (challenge tests, efficacy tests, safety assessment)

A FULL SERVICE: FORMULATION - R & D - MANUFACTURING - FILLING
