

# paper pulp solutions

**NEW**

X21 4 x 2.5 Litre pack

Various pack sizes available

## UN Approved Hazardous Chemical Bottle Packs – 1st Class Protection

- Easy to use packs comprising moulded pulp top and bottom cushion fittings which are placed inside printed outer cartons.
- Safe transportation and protection of glass bottles is guaranteed as the packs are UN Approved for Packaging Groups I, II and III.
- Various pack sizes are available for immediate despatch from stock.
- High quality pressed pulp mouldings ensures dimensional accuracy, perfect fit, excellent protection, superior nesting and de-nesting which means more products on a pallet and less storage space required.
