BDMO
UPGRADING PACKAGING

MISSION

It is our mission to be one of the leading companies in the field of Upgrading Packaging in cardboard, with the exception of corrugated cardboard. Our philosophy is based on a unique combination of flexibility, quality and price, ensuring a substantial growth for our company and developing prosperity and well-being for our employees, our customers, our suppliers/partners and shareholders.

VALUES – STERK means STRONG

Sustainability

ADVANTAGES FOR YOU

IN-HOUSE R&D

Everyone at BDMO shares one passion - to creatively develop robust, sustainable and attractive packaging. In brief: **the packaging your product deserves!**

We always make a **white sample**.

UNIQUE CUSTOMER SERVICE

At BDMO, customer satisfaction is essential and we do everything to optimise this. You can always rely on **a specific contact person** for all of your technical and packaging queries.

MADE IN BELGIUM

BDMO offers you a **total concept**. We do everything at our facility in **Meulebeke** (35 km from Bruges), from design to production, finishing and storage. This also means that **we retain full control** over the most exacting requirements, even for food (**BRC-IoP**).

HIGH-TECH EQUIPMENT

We are continually investing in new machines and technologies to improve the way we work and increase automation. This also enables us to keep increasing our **capacity** and **optimise** the production process and **delivery times**.
