bloom guard classic

Simple handling

for productive manual packaging and machine-based packaging systems

Punched holes

for good air circulation and breathing activity (variable amount and distribution possible)

Perforations

for quick and clean tearing off with the packing process

All-round efficiency

bloom guard looks great, protects your plants and saves costs!

bloom guard plus

Easy waste separation

thanks to the tear-off label, paper & film can be separated from one another and allow recyclable waste separation

Tear-off label

so the film can be removed as easily as child's play, without damaging the plant

Eco-friendly

bloom guard plus is also available in a 100% paper version

pot cover

Here you go ⚡

any plant can be packed thanks to the pot cover

Longseller

the pot cover will make it possible

Eco-friendly

we don't use any film as opposed to other manufacturers

Design

liven up your pot – it deserves to look better

Water resistant

the pot cover is made 100% of high-wet-strength paper and will last for a long time

loc bag

Reclosable

use it multiple times

Super-fresh

this is what the loc bag delivers to fresh cut herbs

Good-looking

the right print will enhance your products on any shelf

bloom guard square

Protected
and well packed for easy transportation

Gives joy

there are many ways to individualize the bloom guard square

50/50 or 100% paper

alternatively to the decorative combination of film & paper, the bloom guard square is also available in a full paper version
