

 **NO L L ' S** FOR MEN

We are:

OLIVER BEAUMONT

Using his multi-lingual skills, Ollie has travelled extensively since leaving the UK in 2002. Having owned a business in Asia, over the years Ollie has gained a keen understanding of foreign cultures and different needs. He has acquired invaluable knowledge of fashion and market trends from attending various international trade shows and expos since starting this fabulous journey of NOLL'S Skincare For Men.

ANDREW PAYNE

Having left IBM to travel, Andy went to teach English in various countries around Europe and Asia, finally settling in Taiwan. It was here that he discovered a passion for Taiwanese food, language and the business culture. Andy is an almost habitual follower of market trends and customer needs and went to work for one of Taiwan's leading cosmetic businesses. He has worked with many of the best colour-cosmetic manufacturers in Taiwan & China.

The Adventure

NOLL'S For Men is the brainchild of Andy and Ollie, two well-travelled British gentlemen. Having explored the planet looking for adventure and knowledge - from the Atacama Desert in Northern Chile to the tropical forests of Southern Taiwan and many places in between - they recognized a lack of quality, affordably priced grooming products for men. So they embarked on a mission. The aim, to create more than just a product but a brand for life.
