CHANGZHOU IVORIE SHENGMEI Packaging Technology CO., LTD. is a production enterprise specializing in high-end cosmetic packaging manufacturing. Since the day of its establishment, it has become our unremitting pursuit to become a professional packaging material supplier for sub-sectors and to provide competitive products.

We are positioning high-end, relying on research and development, and determined to walk out of the market with independent intellectual property rights. At present, the company specializes in producing rotary pens, pressing pens, bottom filling portable perfume bottles, tooth whitening pens, lip pencils, concealer pens, eye cream pens, eyelash growth pens, eyeliner tubes, lipstick tubes, etc. Packing materials and various matching pens, and provide one-stop service for hot stamping, silk screen printing and filling. We hope to build our own professional image while focusing on products, and the quality is comparable to high-end brands at home and abroad.

The company has an independent product development and mold design team that can design products and mold production for individual customer requirements. The purification package production workshop, all kinds of advanced production equipment and testing equipment can quickly complete the customer's ordering requirements with quality and quantity.

The company has two invention patents and a utility model patent for the design of bottom-filled portable perfume bottles, and has passed relevant certifications of institutions such as SGS. Our market covers North America, Europe, South America, the Middle East and Southeast Asia. Reliable quality and excellent after-sales make us maintain a good reputation in our long-term relationships with our customers.
