For two generations, Glopak Wine & Spirits Corp. has been a leader in the wine bottle industry, producing a range of styles and neck finishes. Glopak exceeds international quality standards using only the best raw materials, technology, engineering and skilled manpower while adhering to the highest quality control standards in the glass industry.

We take great pride in fast turn-arounds, competitive pricing, certified quality control, and excellent customer service. With an in-house team of designers and engineers, we are capable of developing custom design solutions to fit any need.

With a number of strategically located warehouses and distribution centers, we are able to satisfy the needs of our customers, delivering competitive solutions on time and at a price point that works.

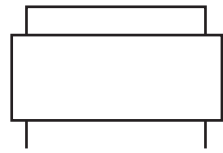

This catalog is a select group of the many wine & spirit molds available to you.

Cobalt Blue

Traditional Bottle Styles

**Bordeaux**

Bordeaux bottles are characterized by their straight sides and tall shoulders.

**Burgundy**

Burgundy bottles have gently sloped shoulders. They are sturdy bottles with a slightly wider girth.

**Hock**

Hock bottles are tall with gently sloping shoulders. The style originated in the Rhine Valley.

**Champagne**

Champagne bottles have thick glass, gently sloping shoulders and a deep punt to accommodate the high pressure inside the bottle.
