

MISSION

To be a competitive company worldwide that makes top quality products that meet the needs and expectations of customers with excellent lead times, incomparable service and very competitive prices.

COMPANY PROFILE

Olan is a leading supplier to the cosmetic and pharmaceutical industry. For over 50 years, we have designed and produced sprayers, valves, dispensers and full packages. Among our customers are some of the leading companies in the industry, such as Avon, Coty, Fuller, Jafra, Fraiche, Belcorp, etc. The quality of our products compares with the best and our newest pumps are made to exacting quality standards.

THE X2 SYSTEM

The X2 system was developed and patented worldwide for Olan de Mexico S.A de C.V.

X2 innovation consists of a dual coil spring, that offers a unique performance with gentle ergonomics and even pressure for a superior spray activation and extremely fine mist.
