Production of molded pulp for packaging

- We have customers and distributors in more than **12** European countries.

Production of fibre for packaging

Experience

+ than 40 years

Innovating and providing solutions that meet the needs of our customers and that are environmentally
Sustainable.

WE BRING VALUE TO OUR PRODUCT

HIGHLY CUSTOMIZABLE

The most accurate results.

TECHNOLOGY

The most resistant you can find

REDUCING YOUR COSTS

The most economical alternative.

CUSTOMERS

Customer satisfaction is the key to our success.

INNOVATION

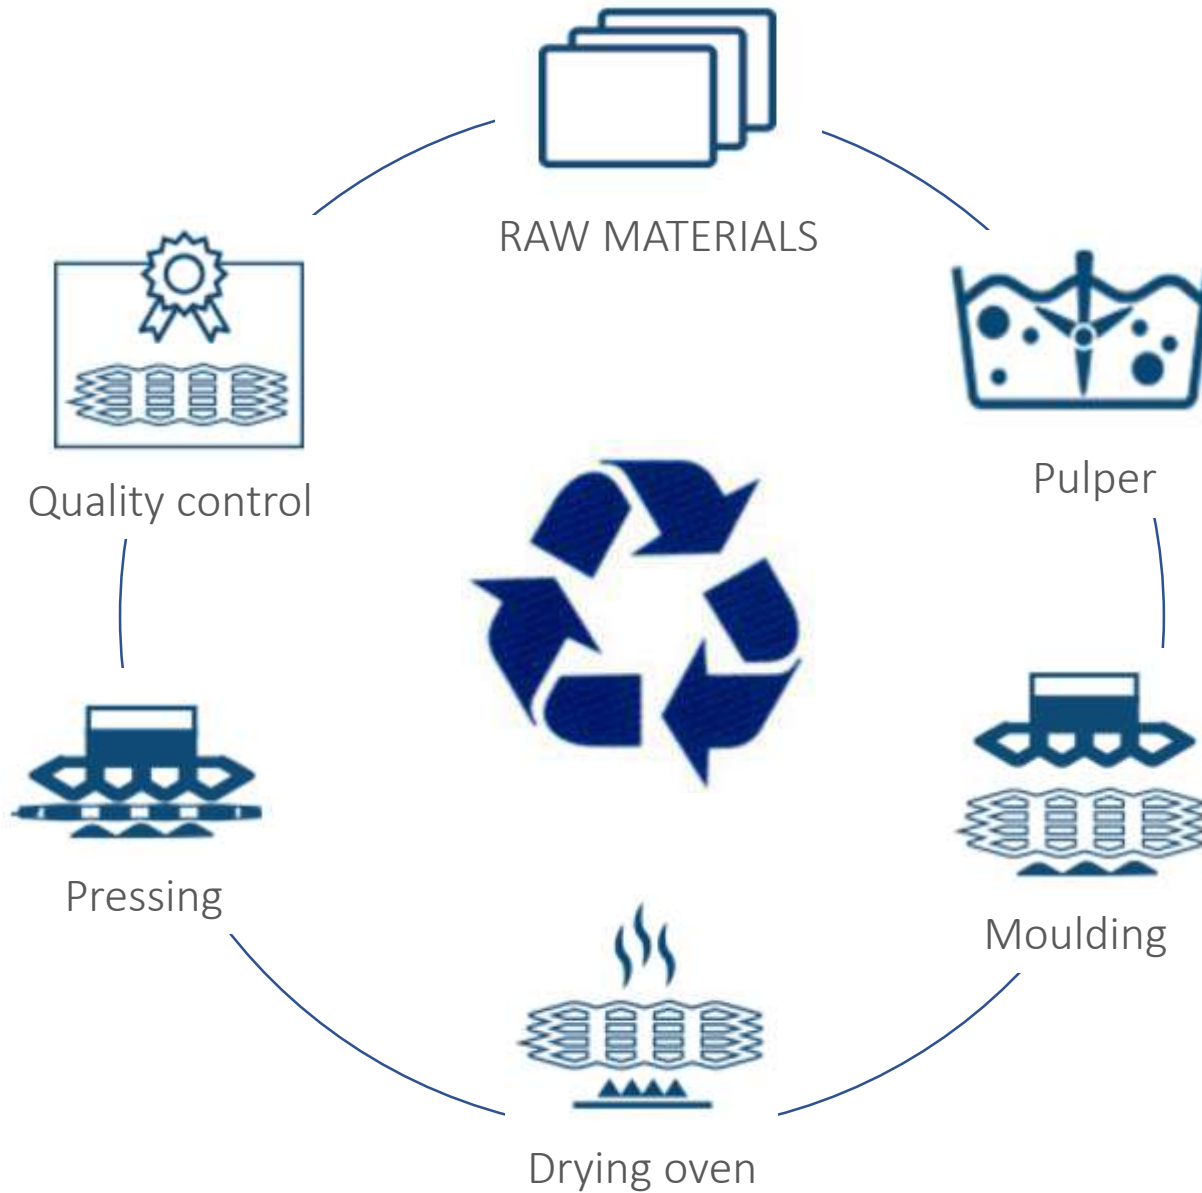

As you have never seen it before.

ALWAYS READY

We are here to help.

OUR PROCESS

RAW MATERIALS

Cardboard

Allows us to obtain a more durable product. We use it to produce Hard Pulp.

Paper

Allows us to obtain a lighter product. We use it to produce Usual Pulp and Quality Pulp.

Virgin pulp

Coming from controlled growing forests, used for the production of white or colored pulp. Resistant material that allows contact with food.

TECHNOLOGY

HARDpulp

USUALpulp
