

It's nice when a **water container** is as refreshing as the water.

As essential as water is, let's face it, without water containers we're kinda left high and dry.
That's where Altium comes through.

Large or small format, our water containers are designed with the highest quality, durability and optimum weight in mind. From water cooler containers to refrigerator friendly bottles we offer patented ergonomic handles and materials that support a wide range of color options.

Refreshing options from 8oz to 5gallons.

At home, in the office, or anywhere needed if you're thirsting for water containers, we've got a boatload of great options.

Popular options include:

- Various Neck Finishes
- Color
- Handle
- Labels
- Barriers
- Post-Consumer Resin
- Material
- Lightweighting
