

# SCALP TREATMENT SPRAY

Full-Coverage Dust Cap

- 1 Patented Precision Pump Design**  
Maintains a stable, continuous spray regardless of pressing force, ensuring smooth atomization.
- 2 Safety Anti-Press Cap**  
Dust-proof and anti-accidental-press design; withstands up to 8 kg of pressure for safe storage and transport.
- 3 Dual Fine Spray Angles**  
Designed for scalp and root application needs, offering two spray angle options : 50° and 80°.
- 4 Japan-Made High-Grade Seal Gasket**  
Engineered for high-volatility formulas to enhance long-term sealing durability and effectively reduce leakage risk.
