At TriMas Packaging, we understand the importance of a brand and the substantial investment and value associated with it. With over 100 years of expertise, we take immense pride in the fact that our global customers trust and rely on our market-leading brands to safeguard their brands throughout the entire life journey of their products.

Our mission is to safeguard and enhance your brand by delivering high-quality packaging solutions that excel in demanding fulfillment channels, promote sustainability and effectively prevent tampering, damages, leakage, unauthorized access by children and counterfeiting risks.

We leverage our expertise to develop solutions that protect your brands and products and elevate them to new heights. We are committed to creating packaging solutions that go beyond protection, empowering your brand with enhanced visibility, appeal and market presence.

FOOD CAPS TaperStack™ 63-120mm

Our innovative and patented, lightweight stackable caps are suitable for wet/dry product fills at ambient or hot temperatures. They provide a reliable and efficient solution whether you need to seal and protect food products, beverages, pharmaceuticals or chemicals.

Key Features

- Patented, lightweight, stackable design
- Continuous screw thread from top to bottom provides a secure seal
- High-quality deep skirt round caps
- Excellent liner retention
- Multiple color options available
- Shape and warping protection of cap during shipping/warehousing

Customer Benefits

- 40% more caps per pallet, reducing customer distribution costs
- Warehouse space reduction by 40%
- Minimal adjustment to cap feeding system when switching
- Decrease in cross-threading and line stoppages during filling line operations
- Customizable to reflect your brand identity

Technical Information

- Food grade caps
- Available in sizes from 63-120mm
- Various liner options available
- Top surface personalization options available (Smooth, Matte, Embossed, De-bossed, or Printed designs)
- Various side wall options available
- Compatibility testing available on request
- PCR options available

Global Leaders of Packaging Solutions

TriMas

PACKAGING

As a global company backed by decades of experience, TriMas Packaging's market-leading brands design and manufacture a comprehensive array of dispensing, closure, flexible packaging and custom solutions for a broad range of end markets including the beauty and personal care, food and beverage, home care, pharmaceutical and nutraceutical, industrial and agricultural markets.

www.trimaspackaging.com

Discover our Family of Brands

The logo for rieke features the word "rieke" in a bold, lowercase, sans-serif font. To the right of the text is a circular icon containing a stylized, three-dimensional representation of a pump or dispenser head.

Global leader providing innovative dispenser pumps, caps and closures for over 100 years.

www.riekepackaging.com

The logo for AARTS consists of the word "AARTS" in a bold, uppercase, sans-serif font. To the left of the text is a stylized graphic element composed of three vertical bars of varying heights, resembling a modern architectural or industrial design.

Distinguished innovator of luxury packaging solutions for beauty and lifestyle brands.

www.aartspackaging.com

The logo for AFFABA & FERRARI features the brand name in a circular arrangement at the top. Below it is a stylized, intertwined monogram of the letters "A" and "F". At the bottom, the words "CAPS AND CLOSURES" are written in a smaller, uppercase font.

Innovators of caps and closures for the food, beverage and industrial markets.

www.affabaferrari.com

The logo for taplast features the word "taplast" in a lowercase, cursive-style font.

European leader providing innovative dispensing pumps and closure solutions.

www.taplast.com

The logo for PLASTIC features the word "PLASTIC" in a bold, uppercase, sans-serif font with a slightly irregular, hand-drawn appearance.

Experts in caps and closures for the home care and personal care markets.

www.plasticsrl.it

The logo for Rapak features a stylized graphic element on the left consisting of three horizontal, wavy lines. To the right of this graphic is the word "Rapak" in a bold, uppercase, sans-serif font.

Leading supplier of bag-in-box flexible packaging, dispensing fitments and filling equipment.

www.rapak.com
