

GERRESHEIMER

Unique Syringe Accessories: Gx TERNS[®]

Easy Handling

Advanced Design

Modern drug delivery solutions for best ease of use

Close partnership, technical support and comprehensive service

Gerresheimer Syringe Systems offers a comprehensive range of prefillable syringe systems as well as the relevant accessories to ensure ease-of-use and end-user safety. Part of our unique syringe accessory portfolio is the Gx TERNS® – a Thermoplastic Elastomer Rigid Needle Shield – which is a convincing alternative to classic rubber rigid needle shields.
