YOUR RELIABLE PACKAGING PARTNER IN ASIA

ABOUT US

SUNRISE PUMPS

COMPANY

Sunrise Pumps (also known as Chun Jing Enterprise Co., Ltd) was established in 1979. With over 30 years experience in the industry, we are the leading manufacturer of various dispensers and airless packaging for personal care and household products. We also specialize in injection molding, and the assembly and decoration of complete packaging solutions for skin care products in order to provide our clients with one-stop packaging solutions.

WE PROVIDE OUR CLIENTS

- Excellent dispensing engine quality
- Design and Mold tooling
- Production, decoration and assembly
- Excellent after-sale service

Our products and production equipment have been sought and utilized by a variety of major worldwide brands, such as Shiseido and L'Oreal. We are confident that Sunrise Pumps should be your **first choice as a reliable packaging partner in Asia.**

HISTORY

- 1979** Chun Jing Enterprise Co., Ltd. is established in 1979, only 3 employees, we focus on dispensing products and become the first dispenser manufacturer in Asia.
- 1979** We create our brand-SUNRISE PUMPS. The first born product - 3.5cc lotion pump launched
- 1982** We start to export to foreign market and Southeast Asia is our first stop. At the same time, we buy all the injection machines from Japan.
- 1985** We invest on automatic assembly lines.
- 1993** From 1993 till now, we participate in major beauty show like Cosmoprof, HBA, Beauty World Japan, Cosmeetingin all over the world.
- 1997** Pass ISO certification in July
- 1999** We started to export to United States and Japan.
- 2002** We pass the certification of SHISEIDO.
- 2003** We pass the certification of L'Oreal.
- 2006** New CIS for SUNRISE PUMPS
- 2008** We connect our dispensers with related packagings and extend product line to airless tube, jar...etc.
- 2012** China headquarter located in Shanghai, start operating from January.
- 2012** All of dispensers are upgraded with new engine(Metal-free).
- 2012** We extend pump auto assembly line, the daily pump capacity can reach to 90 thousand pieces.

OUR PHILOSOPHY

Different from other competitors in Asia, Every SP (SUNRISE PUMPS) dispenser passed the strictest inspection.

SP insists on 100% In-house production. From mold tooling, injection to auto assembling process, we are able to control the quality of every single component.

To achieve the goal, we invest high quality injection machines from Japan.

All we aim to do is offering 100% perfect dispenser & airless packaging to satisfy customers' demands.

WHAT SUNRISE PUMPS CAN DO FOR YOU

Packaging is imagery and a first sight of contact, and often the longest-lasting image.

Furthermore, **excellent dispenser quality decides the wonderful packaging consumption experience.**

With 30 years of dispenser manufacture experiences, SP can master every part very well. We are good at mechanical design, precision plastic component injection and assembly, multiple & innovated decoration. Combined our professional ability with long-term communicating experiences with foreign clients, SP could precisely catch customer's request and reply it with no gap.

PRODUCT STRATEGY
